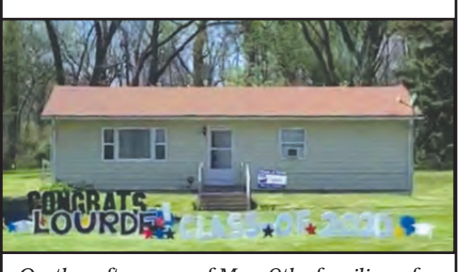
Bago Bits...

On May 4th, the old halfway house was demolished by our Tribal Roads Department. The building was over 100 years old; construction on a new halfway house will begin soon.

A huge THANK YOU to all the tribal security guards that are implementing the new policy that requires a face mask must be worn to enter local businesses. No Mask, No Service!

Although the graduation ceremony has been postponed to August 1st, families of the WPS graduates came together to honor the class of 2020 with a drive by parade throughout the community! Photo credits to Adrianne Blackhawk.



On the afternoon of May 9th, families of the graduates decorated their front lawns to celebrate for the class of 2020 drive around parade.

These two adorable little ones were showing support to the WPS graduates, as the drive around parade passed by. Photo credits to Jessica Stealer.

On behalf of the community, we would like to send a huge THANK YOU to all the frontline healthcare providers and staff at Twelve Clans Unity Hospital. Your hard work and dedication to our safety is greatly appreciated!

May 5th was National Day of Awareness for Missing and Murdered Indigenous Women and Girls. This day is for tribal communities to remember our strong Native women and bring awareness to this crisis.

During a home basketball game on January 10th, the Winnebago Indian cheerleaders held a tribute to raise awareness for our Missing and Murdered Indigenous Women (MMIW). Photo credits belong to Trina Solomon.

Winonah Leader Charge

What were her last words? Did she cry for help? Was she praying? These are questions asked by families of Missing and Murdered Indigenous Women (MMIW). But the burning question is, where is she? Across the United States and Canada indigenous families continue to search for their loved ones, searching for answers, searching for closure. Why are indigenous women going missing? What can we do to stop it? This crisis leaves us with more questions than answers.

Michelle LaMere is a Winnebago activist who frequently speaks out about the issues surrounding Missing and Murdered Indigenous Women shared, "According to the Urban Indian Health Institute, there are 5,712 reports of Missing or Murdered Indigenous Women and Girls, but only 116 of them are logged by the Department of Justice."

Thousands of indigenous woman and girls go missing, there is a lack of news coverage and minimal data tracking these high numbers of MMIW. Why are these stories going unheard?

Jurisdictions differ from state to local to tribal. These different jurisdictions create challenges such as effectively beginning an investigation process, which may also affect media coverage and data collection.

Jason Lawrence the Winnebago Chief of Police recommends, if you think someone is missing it is important to report it right away. Early reporting will begin an investigation. This will help police track down necessary evidence before it is too late to retrieve it such as video surveillance.

Lamere stated, "Data keeping is the biggest obstacle to addressing MMIW solutions. According to the data that does exist, when an MMIW report is made, many times the victim is Indigenous, but the perpetrator is non-Indian. Due to jurisdictional issues on the reservations that require federal investigations to be initiated when the suspect is non-Indian, increased NSP jurisdiction is useless. I believe that the NSP should concentrate on improving their responses, investigations and data entry off the reservations where most of the Indigenous women live."

What can we do? According to the Cultural Survival website, "[G]rassroots Indigenous groups keep up pressure on legislators to achieve remedies, remain fueled by the #MMIW hashtag and community support. Native American leaders are also building and maintaining community databases, running book groups and youth initiatives, holding red dress exhibitions, and taking action on social media, marches, and in vigils. There are many ways to participate."

LaMere adds, "There have been state laws that have been proposed and passed that have been designed to address this issue. Hannah's Law in Montana and Savannah's Law in North Dakota are examples of laws that were proposed in memory of Indigenous women who were brutally murdered. The commonality between the laws is in creating pathways for better documentation, reporting and cooperation between law enforcement agencies."

It is important to keep yourself and loved ones safe. Lawrence suggested to "setup a safeguard with loved ones; keep in contact and utilize social media." These tools will help family and friends keep track of each other.

WINNEBAGO COVID-19 UPDATE

Winnebago Public Health Department

TWELVE CLANS UNITY HOSPITAL

Additional Confirmed Cases of COVID-19 in Winnebago

Testing

Winnebago Comprehensive Healthcare System, which is comprised of the Winnebago Public Health Department (WPHD) and Twelve Clans Unity Hospital (TCUH), has confirmed two new cases of the 2019 novel coronavirus disease (COVID-2019) in the local area of Winnebago. One individual was tested in another county and the other was tested at TCUH. Both patients have been isolated to prevent further spread of the infection and remain in good condition.

About COVID-19

COVID-19 is a respiratory illness with no known cure or vaccine. Community members experiencing shortness of breath, sore throat, runny nose, and cough are urged to call the COVID-19 Hotline at (402) 922-1508. Per Center for Disease Control and Prevention (CDC), it is recommended that individuals stay home except to get necessary medical care. Individuals with under-lying conditions, such as diabetes or those with compromised immune systems, are the most high-risk for contracting the virus.

COVID HOTLINE: (402) 922-1508

Call or text anytime from 8 A.M. - 8 P.M.

Prevention

The WPHD has already notified any potential contacts of the positive cases and appropriate investigations and precautions are being taken. To protect the privacy of all patients, no other details will be released at this time. The total number of positive cases in Winnebago is now at four.

Prevention measures include washing your hands often with soap and water for at least twenty seconds each time and routinely cleaning frequently touched surfaces. Other recommendations include social distancing, wearing a mask in public, and remaining at least 6 feet away from each other with groups of no more than 10 people.

Safety Measures

Winnebago Comprehensive Healthcare System has been taking many important steps to further protect the health and safety of the community. These steps, among others, have included implementing a no visitor policy within the hospital, increasing the frequency of cleaning facilities, making certain services available remotely, implementing a drive-thru pharmacy, and placing staff on telework status when possible.

The COVID-19 Hotline is available for pre-screening, questions, and other concerns prior to going to the hospital.

COVID-19 HOTLINE (402) 922-1508

CALL OR TEXT

NEW OPERATING HOURS: Calls will be answered from 8 a.m. to 8 p.m.

For after hours, please leave a voicemail or send a text message. Your call will be returned during operating hours. In the event of a COVID-19 related emergency, please call the ER at (402) 878-2501.

Winnebago Public Health Department

***Due to high volume of calls to the hotline, if your call is not immediately answered please call again in a few minutes or leave a voicemail or text message. A representative will return your call as soon as possible.*

Now Available

TELEHEALTH VISITS

Starting Monday, May 11th, 2020
Call (402) 878-3404

Telehealth appointments are not available for every type of visit. Patients will need to confirm with hospital staff if their visit qualifies for a telehealth appointment. The hospital will work with all eligible telehealth patients, regardless of access to technology or internet availability, to provide telehealth capabilities.

Little Priest Tribal College Announces New President

Winnebago, NE— April 21, 2020 —The Little Priest Tribal College Board of Trustees is pleased to announce the selection of Mr. Manoj Patil as the new President of Little Priest Tribal College. The Little Priest Tribal College (LPTC) Board of Trustees confirmed the selection of Mr. Patil as the next College President during the regularly scheduled Board of Trustees meeting held on Wednesday April 15, 2020. Mr. Patil officially began his tenure as President on Monday April 20th, 2020. Biography

Originally from Hubli, India, Mr. Patil currently resides in Dakota Dunes, SD. Prior to his selection as the President of Little Priest Tribal College, Mr. Patil served as the Interim President of LPTC from November 2019 to April 2020. Mr. Patil performed admirably during his term as the Interim President, successfully leading the college though a Monitoring Focused Visit by the Higher Learning Commission in February 2020. Prior to being named Interim President, Mr. Patil served as the Vice President of Academic & Student Affairs since August 2018. Before joining LPTC, Mr. Patil was a full-time Chemistry faculty at Western Iowa Tech Community College located in Sioux City, IA for fifteen years. Mr. Patil also serves as the President & CEO of New Horizon Tutoring (Est:2008), a privately held tutoring company located in Dakota Dunes for the last twelve years. Mr. Patil completed his Bachelor's degree in Chemical Engineering from Karnatak University and Master's degree in Chemical & Natural Gas Engineering from Texas A&M University, Kingsville.

Little Priest Tribal College

Founded in 1996, Little Priest Tribal College provides higher education opportunities to Winnebago Tribe of Nebraska and others. LPTC is a mission driven institution, providing culturally related education including Ho-Chuck language. For more information on Announcement:

Foraging

By Kathleen Cue, Nebraska Extension Horticulture Educator in Dodge County

"Foraging" refers to the gathering of wild edibles for food to grace our table. Historically, the human race began as hunter-gatherers, gleaning food from what was found, not raised. With the growing interest in fresh and local, there has been a resurgence of interest in foraging for wild food.

Morel mushrooms have always had an avid fan base, with hunters jealously guarding the locations of their most lucrative hunting spots. There is a reason for this, with sales of morels netting $20 per pound and more. Similarly, the locations of wild asparagus are closely guarded secrets. My brother keeps a list of spots where he finds wild asparagus so he can be sure to harvest the delectable spears in spring. Dandelion leaves, while never hard to find, make a nutritious early season salad.

Along with enthusiasm for gathering wild edibles must come the knowledge of what is edible and what is not. Upon learning berries gathered were from pokeweed (poisonous) and not chokecherry (edible), a client rushed out the door saying she needed to retrieve all the jars of jelly she had given away to friends and family. Another client complained the rhubarb jam she made from "wild" rhubarb just didn't taste right and was surprised to learn the stalks she was using for her jam came from the weed burdock. While burdock isn't poisonous, doing the research or seeking confirmation from a knowledgeable person helps to avoid these kind of mistakes.

Foraging is generational, when hard-earned knowledge gleaned by a past generation is passed on to the next. This knowledge isn't just about recognizing plants but also how to correctly prepare them for eating. Think about cashews, which aren't native here but are closely related to the native plant poison ivy, and how the knowledge of preparing cashews changes them from something poisonous into an edible.

I grew up in a family that gathered wild plum, wild grape, chokecherry, wild raspberry, walnuts, morel mushrooms, and dandelion greens. The experience was a good teacher, underscoring an appreciation for what nature provides but also a healthy respect for what should be avoided. Especially with mushrooms, never guess or come to the conclusion "this is close enough" because the web site or book you're referencing appears to confirm your thoughts. Antidotes for some toxins, such as poisonous mushrooms and other fungi, don't exist. If a plant has been misidentified, emergency room staff have little to go on when treating symptoms. When foraging, it's important to learn from someone knowledgeable about such things.

The next issue of the WINNEBAGO INDIAN NEWS will be published on May 30, 2020. DEADLINE for this issue will be May 25, 2020.

LETTERS TO THE EDITOR

Additional Cases of COVID-19 Confirmed in Winnebago

WINNEBAGO, NE – Winnebago Comprehensive Healthcare System, which is comprised of the Winnebago Public Health Department (WPHD) and Twelve Clans Unity Hospital (TCUH), has confirmed two more cases of the 2019 novel coronavirus disease (COVID-2019) on the Winnebago Reservation. One individual was tested in another county and the other was tested at TCUH. Both patients remain isolated and in good condition. The total number of positive COVID-19 cases in Winnebago is now at four.

The WPHD has already notified any potential contacts of the positive cases and appropriate precautions are being taken. To protect the privacy of all patients, no other details will be released at this time.

"The Winnebago Public Health Department and Twelve Clans Unity Hospital are continuing to monitor and respond to the spread of COVID-19 in our area. We are also actively working in cooperation with the Winnebago Tribe to help mitigate the impact on our community," said Danelle Smith, Winnebago Comprehensive Healthcare System CEO.

COVID-19 is a respiratory illness with no known cure or vaccine. Winnebago community members experiencing shortness of breath, sore throat, runny nose, and cough are urged to call the COVID-19 Hotline at (402) 922-1508. Per Center for Disease Control and Prevention (CDC) guidelines, it is recommended that individuals stay home except to get necessary medical care. Individuals with underlying conditions, such as diabetes or those with compromised immune systems are the most high-risk for contracting the virus.

Prevention measures include washing your hands often with soap and water for at least twenty seconds each time and routinely cleaning frequently touches surfaces. Other recommendations include social distancing, wearing a mask in public, and remaining at least 6 feet away from each other with groups of no more than 10 people.

Winnebago Comprehensive Healthcare System has been taking many important steps to further protect the health and safety of the community. These steps, among others, have included implementing a no visitor policy within the hospital, increasing the frequency of cleaning facilities, making certain services available remotely, implementing a drive-thru pharmacy, and placing staff on telework status when possible.

Winnebago Comprehensive Healthcare System is operated by the Winnebago Tribe of Nebraska and consists of two divisions. Twelve Clans Unity Hospital is a 13-bed state-of-the-art healthcare facility that serves an estimated 10,000 Native Americans who live on the Winnebago Reservation and in the surrounding region. Health care services provided by the hospital include an ambulatory care clinic, inpatient care, express care clinic, pharmacy, radiology, emergency care, medical laboratory, physical therapy, social services, and more. The Winnebago Public Health Department strives to create and maintain a healthy community by providing a wide range of total health and wellness programs. These programs include physical, mental, safety, and social services that benefit the Winnebago community.

JESUS OUR SAVIOR LUTHERAN OUTREACH

Pastor Ricky Jacob

"Don't Expect Readiness Without Preparedness!"

The Northeast Nebraska Public Health Department motto right now is: 'Don't Expect Readiness Without Preparedness!' This reminds me of the Boy Scout and the Girl Scout mottos: 'Be Prepared!' It is good to be prepared and ready for anything and not to focus one's attention on just one deadly disease at the expense of ignoring other deadly diseases and health hazards.

My question to you is: Be prepared for what?

Recently I was watching a BBC show about survival in Alaska. The number one rule for survival is: 'Not to die.' And yet some 2,000 people die every year in Alaska out in the wild, out in what is referred to as the Last Frontier. I wonder were they not prepared?

My next question to you is: Are you prepared to die?

On next Thursday, May 21st, we will remember Jesus' ascension into heaven. Ever since Jesus took on flesh and blood, born of Virgin Mary by the blessing of the Holy Spirit, we are living in the last days. As Jesus ascended into the clouds, two angels said to Jesus' disciples, "Men of Galilee," they said, "why do you stand here looking into the sky? This same Jesus, who has been taken from you into heaven, will come back in the same way you have seen him go into heaven" [Acts 1:11 (NIV)].

Another vital question to you is: Are you ready for Jesus' return?

No, one knows the times or dates of the last day. The last day is when this world will be destroyed with no one able to save this planet. The Good News is that at that time a new earth and new heavens will be formed. This whole new world will last forever and offers life with one's Creator, His Son Jesus and the Holy Spirit. There will be peace as all those who are prepared will live forever with the love of God.

The Good News is that you can be prepared right now for that day. Yes, you can be ready whether you die prior to Jesus' return or are still breathing when He returns!

How is one ready for Jesus' return? Jesus promised that He who believes in Him as his/her Lord and Savior will be saved! He/she who does not believe stands condemned and is therefore not ready and totally unprepared. God forbid that person is you!

I close by giving Jesus the last word. [Jesus said to his disciples]: "Heaven and earth will pass away, but my words will never pass away. Be careful, or your hearts will be weighed down with dissipation, drunkenness and the anxieties of life, and that day will close on you unexpectedly like a trap. For it will come upon all those who live on the face of the whole earth. Be always on the watch, and pray that you may be able to escape all that is about to happen, and that you may be able to stand before the Son of Man" [Luke 21:33–36 (NIV84)].

Need a few good eggs to Incubate!

Thinking of the old movie Jerry Maguire, sports agent for Rod Tidwell, looking for his contract payday "Help me…Help you!" That where I feel Ho Chunk Community Capital is currently at in our recruiting efforts due to the COVID19 Pandemic.

A few months ago, Ho Chunk Community Capital announced the award of a grant from the Native American Agricultural Fund (NAAF). The purpose to establish a pipeline of small businesses in the agricultural industry in Nebraska and on and off the reservation. With this opportunity HCCC is an Ag-Business Incubator to go with our usual function as a business incubator.

Business incubators are organizations geared toward speeding up the growth and success of startup and early stage companies! Our interests as a CDFI (Community Development Financial Institution) is for individual and commerce growth through the farmers market, arts and crafts vendors, Independent contractors, or you have a great idea for your own venture. We are here to offer technical assistance.

To date the interests has been low to participate, especially with the social distancing practices due to the Covid19. HCCC was to have some public meetings to recruit people into our incubator program at this juncture that will not happen. However, I would like to invite anyone interested in starting a business or accelerating their side hustle to a phone discussion or ZOOM meeting, to take the first step.

HCCC has prepared Business plans templates, structured to flush out your Company Summary, your advantages, your Marketing Plans and Financial Analysis. HCCC is geared toward speeding up the growth and success of startup! And the end result upon a complete business plan? Startup Capital funds up to $5,000 through the loan program we offer. That defines "pipeline of small businesses on the reservation" and a Community Development Financial Institution. Establishing the framework and pathway for you to succeed as an entrepreneur!

If you would like to participate give me a call 402-878-2192 or drop an email at twood@hccdc.org

Spring Community Clean-Up

The annual spring clean-up event will be a little different this year due to Covid-19. We will have workers driving around and picking up your items at your curb starting the morning of Tuesday May 19 and ending on the afternoon of Thursday May 21, 2020. We cannot accept any household hazardous waste products, which includes; paint, pesticides, herbicides, oil, cleaning chemicals, anti-freeze, fluorescent bulbs, or car batteries. If you have any questions, I can be reached at (402) 922-2268

Congratulations Cynthia McKenzie Pawlitschek! On April 30, 2020 Cindy graduated from the Army PLT #2 B Co 3-60th. Cynthia is the daughter of Sarah (Little Walker) and Greg Pawlitschek. Grandparents are Anita and LeRoy Little Walker. Her father Greg served in the Army 101st Airborne. Her Choka LeRoy served in the US Marines. Your family is very proud of you and Love you with all our hearts!!!

Winnebago Tribe of Nebraska

Congratulations to the "Class of 2020"

Winonah Leader Charge

WINNEBAGO--The Winnebago School district administrators have been working hard to adjust and transition to the interruptions from COVID-19, including how to best handle traditional activities like commencement. School leaders have been working on balancing between appropriately honoring their students while managing the challenges of the Coronavirus.

Dan Fehringer the Winnebago Public School Superintendent shared that the COVID-19 Pandemic has had a major effect on the school, students and community. All events and activities were cancelled through May 31. This included the graduation ceremony which was scheduled for Saturday, May 9 at 2:00. A date for the graduation ceremony has been set for Saturday, August 1. We will follow the mandates that are in place on August 1. We were able to put together a virtual slide show honoring the "Class of 2020" It premiered on Saturday, May 9 on the WPS Facebook page. Also Mrs. Tremayne and Mr. James put signs honoring the seniors in their yards. The senior parents organized a cruise through town after the Senior show was released Saturday. Thank you to the parents who organized this event.

Senator Joni Albrecht WEEKLY UPDATE May 4, 2020

As I am sure most are aware, confirmed cases of the Coronavirus (COVID-19) have been growing in number in Dakota County in District 17 daily since testing began in earnest. Kudos to the leadership at Dakota County Health Department, Emergency Manager, and the Nebraska National Guard for the work they've done and long hours they've devoted to doing it. Certainly, the increased numbers of confirmed cases are concerning. They should also serve as a reminder to all of us to be exercising appropriate caution when making choices that will protect our health and the health of our loved ones and our community. During these times, please remember to follow the six rules suggested by the Governor:

Stay home. No non-essential errands and no social gatherings. Respect the ten-person limit.

Socially distance your work. Work from home or use the six-foot rule as much as possible in the workplace.

Shop alone and only shop once a week. Do not take family with you.

Help kids follow social distancing. Play at home. No group sports. And no playgrounds.

Help seniors stay at home by shopping for them. Do not visit long-term care facilities.

Exercise daily at home or with an appropriately socially-distanced activity.

Informational Videos highlighting these and other ways to stay healthy and keep families healthy during the pandemic and one about what to do if an individual or family member becomes ill or has been exposed to COVID-19 have been translated and released on YouTube in the following six languages:

Spanish
Arabic
Karen
Somali
Nepalese
French

Re-Opening parts of District 17:

The Governor announced that as of May 4, 2020, the Northeast Nebraska Public Health Department region that includes Thurston and Wayne Counties, is one of 19 separate regions with Directed Health Measures (DHM) that relax some restrictions in place. The DHM will be in place and effective through May 31, 2020. Businesses that may open or reopen under more relaxed guideline limitations include restaurants, barber ships, hair salons, nail studios, massage services, tattoo parlors, and childcare facilities. Each business is subject to certain restrictions and social distancing practices.

Because of the increasing number of cases seen in Dakota County, Dakota County Health region, which oversees Dakota County, is NOT included in any DHM loosening restrictions at this time and business closings previously ordered will remain in place. For more information about the Directed Health Measure changes, visit the Governor's website at www.governor.nebraska.gov

Although Thurston and Wayne County are not seeing the significant numbers seen in Dakota County, I urge residents to be just as dedicated to making choices that protect your health and the health of your families.

Maintaining the integrity of Nebraska's health care system remains the State's top consideration when making decisions about public health measures. The Governor's office and the Department of Health and Human Services (DHHS) continue to monitor the state's and each region's ability to have ample capacity to care for area residents.

Governor's Daily Briefings and Weekly Live Town Hall

As a reminder, Governor Ricketts is holding press conferences updating the state's response to COVID-19 on Mondays at 1:00 PM and Tuesday through Friday at 2:00 PM. The conference is being broadcast live by many television and radio stations, or can be accessed on the Governor's Facebook page, where it broadcasts live, as well. The Governor holds press conference interpreted in Spanish on Tuesdays and Thursdays at 5:00 PM.

Additionally, NET is o broadcasting the Governor's Live Town Halls every Thursday at 8:30 PM. At the NET web page, people can ask their questions ahead of time. To ask your question during the program, call one of these numbers: 800-676-5446 or 402-472-1212.

TestNebraska Information Available in Spanish

TestNebraska is now accessible to even more Nebraskans. The website now includes information and instructions in Spanish as well as English. If you know someone who would benefit from this addition, please let them know of its availability and direct them to www.TestNebraska.com/es to take the test and/or to take the survey.

The expand testing will give the Nebraska Department of Health and Human Services, and Health Officials across the state valuable information as the state begins reopening the economy. All Nebraskans are urged to complete a short assessment survey. Testing sites will multiple kits and multiple test options. All individually identifiable information being gathered for the TestNebraska initiative is protected by state and federal law. Aggregate data collected will be shared with the public health departments which are expected to then provide the aggregate data to the National information gatherers.

AG Disruption and Depopulation

As processing plants work to deep clean, stagger shifts and adapt to social distancing and other safety recommendations in response to COVID-19, many producers have been struggling with decisions about livestock depopulation. At the Governor's press conference last week, Director Wellman from the Nebraska Department of Agriculture spoke to the issue and referred to resources available to AG producers having to make these tough decisions. My office reached out to Director Wells for more information. To recap, the Nebraska Department of Environment and Energy (NEE), has provided temporary period, until June 1, 2020 for operations to have more livestock than previously permitted on the land. There are requirements and necessary precautions that must be taken.

In addition, there may be some federal assistance to help deal with the financial aspects related to depopulation and mortality management under the USDA's Environmental Quality Incentives Program (EQIP). For more information, be sure to follow the Governor's daily briefings and access state information at hpps://nda.nebraska.gov/COVID-19, keyword Livestock Depopulation Guidance www.deq.state.ne.us for NEE guidelines and/or the USDA website at www.usda.gov

Yes, these are challenging times. Please remember that together we will get through them as we have come through challenging times in the past. #NebraskaStrong.

As always, I invite you to let me know your thoughts, ideas, concerns, or suggestions by contacting me at jalbrecht@leg.ne.gov or by calling my office at 402.471.2716.

BAGO NEWS

LITTLE PRIEST TRIBAL COLLEGE

"BE STRONG AND EDUCATE MY CHILDREN"

JOB ANNOUNCEMENT

Institution: LPTC
Physical Location: Winnebago
Department: Office of The President
Title: Director of Grants and Contracts
Duration: Perm, FT
Pay Grade
Advertised Salary DOQE
Posting Date: 3/25/2020
Closing Date: Open until filled

Little Priest Tribal College is accepting applications for a Director of Grants and Contracts. This FT/PT Temp/Perm position will be responsible for seeking out grants, writing grants, and managing grants. This is a full time position and considered exempt under FLSA. To perform this job successfully, an individual must be able to perform each function satisfactorily. Reasonable accommodations may be made to enable individuals with disabilities to perform the primary job responsibilities.

REQUIRED Qualifications and Competencies: Master's degree required, Proven track record and three years of successful Federal grant writing experience and drawing down grant funds from government payment systems (i.e. G5, ASAP), Knowledge of the Single Audit Act, Experienced in higher level decision-making, leadership, management, critical and analytical thinking, Ability to identify problems and effectively carry out solutions, Ability to manage projects from the idea to the conceptual stage to plan development, and through to completion, Professional writing skills. Writing must also be persuasive, analytical, and creative to influence the funding entity, Ability to operate computer, skilled in internet research, and highly skilled with Microsoft Office programs, Experience with the federal grant application processes and cycle, Ability to interpret and apply OMB Circulars, federal rules and regulations, and 2CFR Part 200, Experience in file management of grant history until closeout, Solid understanding of budgets, development, and compliance as they relate to proposals and grants, Proven strength in building partnerships and collaborating within a college and in the community, Ability to work independently with minimal guidance and often remote but supportive supervision, and as part of a team or as a team leader, Ability to establish priorities and manage multiple activities in a deadline driven environment, Able to complete assignments/tasks with high attention to detail and accuracy, and strong editing skills, Must champion change and continuous improvement, Strong communication skills (oral, and presentation), Strong interpersonal skills including tact, diplomacy, and flexibility to work effectively with administration, faculty, staff, students, the public, a regional educational network, and funding entities, The ability to exercise tact and handle information that is confidential, sensitive or controversial, Must be customer focused and have a genuine interest in education

PREFERRED Qualifications and Competencies: PhD, or PhD or doctoral degree with applicable coursework, General Knowledge of higher education policies, practices, and procedures, Experience working with Tribal community agencies and community partners and proven track record with writing federal grants particular to Tribes, Tribal Colleges/Universities, or other Tribal organizations, Project Management certification and experience developing indirect cost proposals, Software and/or technological proficiency as it relates to the position, Strong organizational habits, Leadership in problem solving and decision making

Core Function:
Research/Identify grant opportunities,
Write Grants,
Manage grants

ABOUT US: In the Winnebago heritage of respect, integrity and self-reliance, Little Priest Tribal College provides higher education opportunities at both the Winnebago, NE and Sioux City, IA campuses. At LTPC our major focus is to provide a two-year associate degree and prepare students to transfer and successfully complete a major at a four-year institution. The college prepares its students to succeed in a multi-cultural world by emphasizing quality education of the highest level, humanistic values, and life skills. LPTC is a member of the American Indian Higher Education Consortium and is accredited by the Higher Learning Commission.

HOW TO APPLY: You can visit us on the web at http://www.littlepriest.edu for application and application instructions. Applications are also available at our campus. Applicants with disabilities are invited to identify any necessary accommodations required in the application process. Notice to all applicants: If you are selected as a finalist, a background check will be conducted and transcripts will be required.

Required Documents: Application, Resume/CV, Cover Letter/Letter of Interest, Reference List

At LPTC, we are committed to hiring a workforce that is as diverse and inclusive as the people and communities we serve. We are an equal opportunity employer. Employment practices are free of discrimination. Indian preference applies. All other applicants have equal opportunities of employment irrespective of their race, creed, color, religion, national origin, sex, age, marital status, gender identity, physical or mental disability, or veteran status. LPTC will uphold these principles and ensure that this philosophy is administered appropriately. Arrangements for reasonable accommodations required by disabilities can be made by contacting the Human Resources office.

Little Priest Tribal College 601 East College Drive Winnebago, NE 68071 p.402-878-2380

LITTLE PRIEST TRIBAL COLLEGE
