## Memorandum

To: Higher Education Scholarship Students  
From: Patrice Bass, Higher Education Director  
Re: Article 25 – Academic Excellence Incentive Notice  
Cc: Sharon Frenchman, CEO

---

As the Higher Education Director, I regret to inform you that the Fall 2017 semester will be the final semester for the Academic Excellence Incentive program. Due to funding restraints, the program will no longer be funded.

In order to be eligible for this final semester's incentive payment, please make sure to turn in your final Fall 2017 grades no later than 15 business days after your term ends. Academic Excellence incentives will be on a first-come, first-serve basis for students that meet the Article 25 guidelines (see below).

Once funds are depleted for the Fall 2017 term, the Academic Excellence Incentive program will end and Article 25 of the Winnebago Scholarship and Financial Assistance Program (WSFAP) Policy will cease. Should any future funding become available for this program, all eligible students will be contacted.

### **ARTICLE 25: ACADEMIC EXCELLENCE INCENTIVE POLICY**

#### 50. Purpose:

The Academic Excellence Program is hereby established to award incentives to full time college students for their academic excellence per academic term (must meet ARTICLE 9 guidelines). All applicants shall submit their grade reports and transcripts to the Higher Education Program no later than fifteen (15) working days after the completion of the academic term.

Incentives will be determined by the following scale:

- \$200 incentive for each 'A' grade earned
- \$100 incentive for each 'B' grade earned

***Grade reports received after the fifteen (15) working day deadline are ineligible for the incentive; no exceptions will be considered.***

The incentive will be calculated and will be paid directly to the student within 15 days of determination. *(Based on available funding each fiscal year.)*
