From: Patrice Bass, Higher Education Director
Re: Summer Youth Employment Program
Cc: *Esther Mercer, CEO*

It is with deep regret to announce that there will not be a Summer Youth Employment Program this year. The tribe during this Corona Virus pandemic has no appropriation funding to support paying for youth positions as well as keeping the safety of our youth in mind during this pandemic and not knowing how much longer this virus will affect our community. Please understand this program is based on availability of funds of year.
