Winnebago Head Start Hosts 1st Graduation Powwow

The plan was to have the 1st ever Winnebago Head Start Powwow at the Veteran's Memorial Park in rural Winnebago, but the Choka's felt like Powwow'in too so things got moved indoors to the Blackhawk Community Center after a short hail storm and rain storm hit the Powwow grounds shortly before things got underway. The 1st Head Start Graduation was a winner, the Graduates danced in behind head dancers, Craig "Tunny" Cleveland and Sadie Jefferson, reigning Miss Nebraska Winnebago, and Head Graduate Dancers, Arian Marrujo & Elianna Blackhawk. Picture here is Head Boy Dancer, Arian Marrujo with Wa Shini Winga Armell.

News from our New Land Management Corporation

First off the bad news! This office has been receiving complaints about the appearance of tribally leased land, some suggestions were made on enforcement and a change has been made to the Tribal Residential Leasing Policy with Resolution #16-81, there is now in place an enforcement measure of a Clean up fee on tribal land leased, individuals will be given 3 notices to remedy the issue. Upon 5 days after 3rd Notice, Tribal facilities will be notified to remove debris and mow lawn and will be reimbursed by the lessee's tribal distribution or stimulus. The same enforcement measure is in place on inoperable vehicles. Please review the Additional Provisions posted in this issue of the WIN.

I recently attended a Tribal Council Meeting and some discussion was on

the Land Corporation's Annual Plan, It's pencil thin right now at 11 pages, but I had to pull back some as I knew that some of my plan just could not be accomplished so I put those off till 2017. There is a project on the horizon that we will be implementing that is tied back to our land I have called it "back build to production". Taking a raw product and creating more value is nothing new. The amount of bushels of corn and soybeans Cargill Ag or the Ethanol companies produced in 2015? Zero! Value Added is the route to success!

Now the good news! I will end with some enthusiasm about the Land Buy-back Cooperative Agreement there are 3 jobs that are associated with this and they will be posted on the Tribes website very soon. They are all 1 year positions;

however my viewpoint is it gets some very good exposure and experience in the Land Business. I came into this field back in 2002 and read a legal description like NE¼SE¼NW¼ of Section 13, Township 26, Range 8 and went home and said this is like Braille but I learned. FYI that's the legal for the Neola Walker Building, but this could be a good experience for individuals to capacity build and grow into a profession. Also I have tentatively planned a Land Corporation Public Forum for June 1st at Little Priest Tribal College and will be posting flyers around the community. Thank you. I can be reached at youngrogue13@gmail.com.

Indianz.com... Winnebago Tribe's corporation wins approval to restart horse races

FRIDAY, MAY 6, 2016

Ho-Chunk Inc. purchased the site of the former Atokad Downs in South Sioux City, Nebraska, and operates it as Atokad Park. Image from Google Maps

Ho-Chunk Inc., the economic development arm of the Winnebago Tribe, will restart horse races at a track in Nebraska.

The South Sioux City Racing and Events Center is located at the former Atokad Downs in South Sioux

City. It will offer one day of live racing in September in addition to simulcast bets, The Lincoln Journal Star reported.

Further down the line, the track could be converted into a casino if voters approve a series of ballot measures this November. Ho-Chunk Inc. has poured more than \$727,000 to the Keep the Money in Nebraska campaign, the paper reported.

"Whether we are successful with that or not we are still going to open up this track and run the simulcasting," Ho-Chunk Inc. CEO Lance Morgan told the paper. "The building might get a lot bigger, depending on what happens with the ballot initiative."

The building Morgan is referring to is

a 6,000-square-foot events center and sports bar. Construction will begin in July but it's not slated to open until 2017, the paper reported.

Ho-Chunk Inc. owns Indianz.Com but the website is not involved in the corporation's activities.

In My Opinion

Thoughts from a Very Bright Future...

by Lance Morgan

Something amazing is going on and it is happening both fast and slow. For a generation the Casino has been pumping money into our community for 22 years. Although Ho-Chunk, Inc. has been around for 21 years, we really only reached scale about 15 years ago and only started making big bucks about 7 years ago, but the gradual impact of that actual capital from us and the casino being pumped through our community is starting to show incredible benefits in human capital.

In 2000, there were less than 20 tribal members in town with bachelor's degrees, which was almost double from the 10 years before. But now there are over 100 and the number is climbing fast! A few weeks ago we pumped out another class of high school seniors and a good portion are going to college. It used to be that people went to college, but often came home after only 1 or 2 semesters. We still have some of that, but the number of people actually finishing is rising rapidly.

Just last week I went to a college graduation party for an annoyingly happy and attractive couple of young tribal members who had just both finished their bachelor's degree from the University of Nebraska. Not just one, but two! Both young educated people who will start work soon with Ho-Chunk, Inc., and be contributing

members of our community and tribe. Another one of our long time tribal member interns, just graduated from Iowa Law School. I am no Hawkeye fan, but it is a great law school. We also just hired another young tribal member who graduated from Georgetown to work in our DC office of all things.

Today I attended two separate high school graduation parties of two more tribal members who are both going to college. One is an excellent young lady who is off to Haskell to star on the Volleyball court and the classroom and another who is off to Harvard! That's right Bago kids get athletic scholarships and go to Harvard now. My own daughter is off to Dartmouth in the fall to join one of her cousins, who is also a tribal member.

This whole thing is getting weird, but in the best way possible. Ivy league talent was a once or twice a generation thing, but now it is three in two years, just locally for our tribe.

Focusing on the academic and athletic stars is nice. It is good for the headlines, but really what is amazing is the growth of people going to tribal college or nearby community colleges and state schools. The Ivy League types will always do well, but getting all of our young people to strive and reach their academic potential is what is really going to make our community strong from top to bottom.

I said in last year's Ho-Chunk, Inc. annual report that "I am optimistic because Winnebago is a rising tide and I think as young people experience success they will pass those expectations onto their children and soon we will have lots of families that have multi-generation college graduates. We hope to create a virtuous cycle of expectations and opportunity, which will lead us into the future."

Well from what I saw the last few weeks, the future is coming a lot sooner than I thought and I can see a very smart and very bright future for our people on the horizon. Knowledge is hard to get, but even harder to take away once you have it and the more we get, the harder it will be to keep us from grabbing our share of the Native American dream!

"Hold on one Minute"

In the May 4, 2016 edition of WIN there was a notice of an upcoming Secretarial Election in two areas. My response to this notification is to "hold on one minute," especially in the area of the Constitutional amendment process. First, the Tribal Council established a committee to review and consider constitutional amendments. What were the results from this committee? I tried to attend their meetings several times, but the times they listed for meetings never occurred for one reason or another. Second, how will our Tribal members living off the reservation and representing approximately 75 percent of Tribal membership, be included? We know they will be included in the Secretarial election vote, but how will they have input before hand? As a matter of fact-how will we have input? Will the way we revise and amend our constitution in the future include voting by all enrolled tribal members?

I wonder how, when we call ourselves a progressive tribe, we can have such an outdated constitution? It does not call for separation of powers or resolve conflicts of interests-which

are perpetuated by our Tribal codes. It is not my intention to say what revisions must occur, rather to point you in the right direction so that we may proceed with at least some semblance of participation.

We are not the only Tribe who have had concerns with their constitutions, or have seen a better way to include who we are as a people within the context of their constitution. Please take time, maybe when the kids are asleep, or if you get up early before they do, to visit the websites listed below. For those of you with older children, listen to some of these websites together. It would be good for them to know and also have input into what their future will look like.

JESUS OUR SAVIOR LUTHERAN OUTREACH

Pastor Ricky Jacob

"As for me and my house"
His name was Hosea, his father's name was Nun and he was of the tribe of Ephraim. His lineage could be traced back through Ephraim to his father Joseph. Ephraim was the Joseph's second son and his mother's name was Asenath, the daughter of Potiphara, priest of On.

Joseph's father was Jacob and his mother was Rachel. Jacob's father was Isaac and his mother was Rebecca. Jacob's grandfather was Abraham and his grandmother was Sarah. It was through Abraham that God promised that 'all peoples on the earth will be blessed. [See Genesis 12:2-4]

Hosea had a rich heritage. His Hebrew name means 'Salvation.' You might know him by the name that Moses gave him: 'Yeshua' (or Joshua). 'Yeshua' in Hebrew means 'God saves.' Joshua was a warrior chief who succeeded Moses. God encouraged Joshua to "be strong and courageous. Be careful to obey all the law my servant Moses gave you; do not turn from it to the right or to the left." [Joshua 1:7 NIV]

As Joshua neared the end of his life he strongly desired to pass on to his tribe words of wisdom. What would you like to pass on to your children, your tribe?

Here are Joshua's words, "Now therefore fear the Lord and serve him in sincerity and in faithfulness. Put away the gods that your fathers served beyond the River and in Egypt, and serve the Lord. And if it is evil in your eyes to serve the Lord, choose this day whom you will serve, whether the gods your fathers served in the region beyond the River, or the gods of the Amorites in whose land you dwell. But as for me and my house, we will serve the Lord." [Joshua 24:14-15 ESV]

Joshua was the head of his house and he led his family to serve the Lord.

To serve the Lord is to; first and foremost; trust in God above everything else. Next it is to serve one's neighbor, beginning with one's family.

No one is able to do this perfectly. There is a need for a second 'Yeshua' or (Joshua). You know him by his Aramaic name Yesus or (Jesus). Jesus was the warrior that was a descendant of Abraham who lived the perfect life, suffered in the place of those who rebel against their Creator, died and rose victoriously. It is through Jesus that all the peoples on the earth are blessed.

Today the head of the household has been given by Creator God the responsibility of leading his family in serving the Lord. I have been informed that the Winnebago husband is to be such a spiritual leader of his family. How will you complete the title of this article: 'as for me and my house, . . . ?'

The Society of Care and I will be offering three sessions on the spiritual development of Christ-centered families at the Whirling Thunder Wellness Center gym. The evening will begin with a meal served family-style. This will be followed by a topic with the parents, while the children will have opportunity for some fun time under the watchful eyes of child care providers, and then we will come together to wrap up the evening with a closing prayer. There will be devotional materials provided at each session and for those who attend all three sessions a t-shirt of which each family.

Cost to those who sign up? Free except for the commitment of your valuable time and willingness to grow in God's grace with His Spirit leading you.

If you are interested please contact me at (402) 878-2522. Update on the Thursday evening dates: June 2nd, June 23rd and August 4th with a 5:30 meal.

IHS and CMS partnership to strengthen hospital care quality

Focus on hospital quality through Hospital Engagement Networks benefits patients by preventing adverse events

The Indian Health Service, in conjunction with the Centers for Medicare & Medicaid Services (CMS), announced today a new partnership to strengthen the quality of care delivered in IHS-operated hospitals. IHS hospitals will receive assistance from a CMS-supported Hospital Engagement Network (HEN). The purpose of a HEN is to help health care facilities deliver better care and to spend dollars efficiently. Through this partnership, IHS will actively participate in HEN activities to strengthen patient safety and share best practices, including implementing quality improvement plans. IHS hospitals will be able to access training and technical assistance that supports hospitals in making patient care safer. This effort includes IHS hospitals in the Great Plains Area, including Rosebud and Pine Ridge IHS hospitals in South Dakota and Omaha Winnebago IHS hospital in Nebraska.

"IHS is committed to leveraging every opportunity to ensure quality health care for patients, and IHS hospitals will now access valuable technical assistance through a Hospital Engagement Network," said Mary Smith, IHS principal deputy director. "This benefits IHS patients, who are our first priority. Quality improvement is a continuous effort at IHS hospitals—as it is at all healthcare facilities. Working with a Hospital Engagement Network brings more resources and underscores our commitment to focus on delivering efficient and high quality care for our patients."

"We have made progress in keeping patients safe and are focused on accelerating improvement efforts through collaboration and reliable implementation of best practices," said Patrick Conway, M.D., CMS Acting Principal Deputy Administrator and Chief Medical Officer. "We, like many of our sister agencies, are dedicated to working with the IHS to help improve the safety and quality of care for the patients served by the hospitals in this network." Click here to learn

more about how Agency collaboration is leading to better patient outcomes.

HENs are one part of a framework established by the Affordable Care Act to deliver better care and to spend dollars efficiently. Read the CMS fact sheet on HENs: Continuing Forward Momentum on Reducing Patient Harm.

The HENs focus on reducing preventable patient harm such as hospital acquired infections and avoidable readmissions, in accordance with best practices for hospitals. The program helps to identify proven solutions that work to reduce hospital-acquired conditions and to share them with other hospitals. HENs track and monitor hospital progress in meeting quality improvement goals. As part of the efforts, IHS hospitals will welcome teams of quality improvement experts for site visits. CMS oversees both the

Hospital Engagement Networks and the Quality Innovation Network-Quality Improvement Organizations (QIN-QIOs), in which IHS already participates. This new effort builds on previous IHS work on quality improvement:

- Some parts of IHS previously participated in activities of a first round Hospital Engagement Network early 2013 and ending December 2014. The second round of HENs continues the work of the previous round.

- IHS continues to participate in the Great Plains Quality Innovation Network, a CMS QIN-QIO serving Kansas, Nebraska, North Dakota and South Dakota. The Great Plains Quality Innovation Network promotes effective prevention and treatment of chronic disease, makes care safer, and promotes effective communication and coordination of care.

The IHS, an agency in the U.S. Department of Health and Human Services, provides a comprehensive health service delivery system for approximately 2.2 million American Indians and Alaska Natives.

News from the Higher Education office:

Greetings my Ho-Chunk People! My name is Rana Merrick, an enrolled member of the Winnebago Tribe of NE. I recently started working for the Higher Education Program as an Education Specialist. I am working under a 3 year grant called NSCVQ (Native Students College Vision Quest). This grant is directed towards College Readiness for grades 5th thru 8th at Winnebago Public School and St. Augustine's Mission. I encourage parent(s)/guardian(s) to participate with your child to activities being offered by NSCVQ.

I am currently planning a F.A.R.M. C.A.M.P. Jr. (Frontier and Rural Men-

tal Health and Counseling and Mentorship Program) scheduled for June 15th - 21st. This camp will allow youth participants to explore, access and give them direction for their future. The goal is to essentially "grow our own" providers and helpers in the field of Psychology. Through this effort, we have individuals from our communities who know our communities and are invested in our people. We will be planning other NSCVQ activities throughout the year.

I am excited to work with my young relatives and help them prepare for their future plans. Please feel free to contact me with any further questions at 402-878-2631.

Summer Band 2016 Mr. Brian Luther, Director of Bands

Parents or Legal Guardian:

I would like to inform you of a great opportunity for your student who is enrolled in Winnebago Public School. I am teaching band lessons free of charge to your child; as the district is paying all costs of the program. These lessons are going to be offered every Thursday in June on the following dates; June 9th, 16th, 23rd, and ending on the 30th. They will start at 8:00 and go to 4:00. Each lesson will last 30 minutes. It is important to fill this lesson form and return it quickly as the possible. Each scheduled student will come in the main doors and go directly to the band room. Being on time is important.

Please pick the best time for your student, remember to sign up as many of the four dates as possible. Please pick first preference and second preference for EACH date (example: 1st & 2nd). I will do my best to give you the dates/times you have requested. After the forms have been returned, I will put a schedule together.

Please ask your student to return this paper to Mr. Luther. A schedule will be made the week of May 25th and sent to your home during that week. If you have any conflicts after the schedule is made, please contact me in one of two ways: bluther@winnebago12.org or call/text me at 712-490-3220.

Kelly Pond Update

Spring is here once again, temperatures are warming up and folks are getting back to their summertime activities. This being the case, it is a good time to remind everyone that there is still a 'Fish Consumption Rate' posted at Kelly Pond. Please look at the table below to find out what fish are safer than others to eat.

Fish Consumption Rate: Kelly Pond

Sensitive Population Children Up to 10 years	Sensitive Population Pregnant/Nursing Women	Sensitive Population Elders: Men & Women 55 years and older	General Population Men & Women 11 years to 54
Black Crappie 1 meal/month	Black Crappie 1 meal/month	Black Crappie 2 meal/month	Black Crappie 2 meal/month
Largemouth Bass 2 meal/month	Largemouth Bass 2 meal/month	Largemouth Bass 3 meal/month	Largemouth Bass 3 meal/month
Common Carp 12 meal/month	Common Carp 12 meal/month	Common Carp 12 meal/month	Common Carp 12 meal/month
Channel Catfish 1 to 2 meal/month	Channel Catfish 1 to 2 meal/month	Channel Catfish 2 meal/month	Channel Catfish 2 meal/month
Black Bullhead 3 to 4 meal/month	Black Bullhead 3 to 4 meal/month	Black Bullhead 4 meal/month	Black Bullhead 4 meal/month
Bluegill 16 meal/month	Bluegill 16 meal/month	Bluegill 16 meal/month	Bluegill 16 meal/month

Note: Consumption limits for Non-cancer Health Endpoints are based on an adult weight of 150 pounds eating a one-half pound or 8 ounce (precooked weight) meal. To adjust the meal size for a lighter or heavier weight just subtract or add an ounce of fish for every 20 pounds of body weight.

Example: 170 lb. Adult = 9 oz.
 80 lb Child = 4 oz.

Even though, the guidelines recommend 1 meal per month, you can divide by four to get rates in meals per week or eat smaller sized meals over the month. Also, be sure to space out meals throughout the month. For example, don't eat all your fish meals for the entire month within a few days.

Please, don't throw fish caught in other areas into Kelly Pond.

Also, please remind children that Kelly Pond is not a safe place to swim. Many areas along the shore have water plants growing that can tangle and trap a child and there are several places where the water gets deeper quickly.

If you have any questions please call Denise Jensen, Environmental Protection Department at 878-4060 Ext: 1002. Thank you for your cooperation. Have a great summer.

Letter to the Editor... *Con't from page 3*

student is in grammar stage when he begins a subject the syntax knowledge required in translation based programs is a logic or rhetoric stage skill, which can easily overwhelm a beginning student unless he has first learned the grammar at a slow and gentle pace and is taught for mastery. Based on 20 years of teaching experience, the forms series, beginning with first form, has been used successfully by countless home and private schools because it helps the student make sense of what many consider a difficult subject.

First form is the ideal text for all beginners, grades 5 and up, or is a great follow up to Latina Christiana 1.

Second form Latin. Latin Grammar year two by Cheryl Lowe Grades 6t.

Third form Latin. Latin Grammar year three, by Cheryl Lowe, Grade 7t.

Fourth Form Latin. Latin Grammar year four, by Cheryl Low & Michael Simpson, Grade 8t.
