## Winnebagoes Celebrate 151 Years of Military Service

The Winnebago Tribe of Nebraska will celebrate 151 years of service to the United States Military this week. The 2017 Winnebago Powwow, the oldest of its kind in North America kicks off on Thursday. The Celebration is held annually in remembrance of Winnebago War Chief Little Priest and his warriors, Company "A" Fort Omaha Scouts 34th Nebraska Volunteers who served as Scouts for the U.S. Cavalry. In 1865 War Chief Little Priest was wounded in battle and died from his wounds. Upon the 1st anniversary of his death he was celebrated. His brother Chief Greywolf after that first celebration declared that Little Priest and his warriors would be remembered every year thereafter for their service to the people of the Winnebago Nation. Today, 151 years later the Winnebago honor their Warriors, past and present. The 4 day Celebration consists of a Powwow, Ceremonies, Games, Sports Tournaments, a Wilderness Run and Food...lots of food. The Celebration ends on Sunday evening with special dances and an awards ceremony. Everyone is welcome to this event held in honor of our Warriors, so come on out and enjoy a good time with the Winnebago People.

## Nebraska Tribal Leaders Meet to Tackle Shared Issues

The Winnebago Tribal Council last week hosted a meeting of the four Nebraska Tribes. Winnebago Tribal Chairman Frank White took charge of the historic event. Talks were over the relations between the State government and tribal service programs, mainly Child & Family Services. Of course the gathering featured some fine cuisine from the Flower's Island Buffet before the meetings end. Pictured here are the Four Nebraska Tribal Chairmen (Left to Right) Chairman Frank White - Winnebago Tribe of Nebraska. Chairman Michael Wolfe - Omaha Tribe of Nebraska & Iowa. Chairman Roger Trudell - Santee Sioux Nation. & Chairman Larry Wright - Ponca Tribe of Nebraska.

## NATIVE AMERICAN COMMUNITY LEADERS MEET WITH OMAHA MAYOR, CITY COUNCIL PRESIDENT, AND POLICE CHIEF

By Lucas LaRose, Nebraska Commission on Indian Affairs

OMAHA, NE - Last week representatives from the Nebraska Commission on Indian Affairs and members of the Native American community met with City of Omaha Mayor Jean Stothert, City Council President Ben Gray, and Omaha Police Chief Todd Schmaderer to discuss issues regarding police contacts with the Native American community in Omaha, including the recent death of Rosebud Sioux Tribe member Zachary Bearheels.

Zachary Bearheels, 29, died on June 5th while he was in the custody of the Omaha Police Department. His death has deeply troubled the Native American community of Omaha and Nebraska. As such, Commissioners Dr. Rudi Mitchell and Lucas LaRose,

and longtime Winnebago activist, Frank Lamere, asked city officials for an in-person meeting in order to discuss the death of Mr. Bearheels, and the Police Department's treatment of Native Americans.

"The meeting was very productive as the Mayor, City Council President Gray, and Chief Schmaderer were very receptive of our thoughts, and are committed to ensuring that Native Americans have positive interactions with the Police Department in the future," said Commissioner LaRose.

"As a former tribal chairman of the Omaha Indian Nation and direct descendent of the last hereditary Chief of the Omaha Indian Nation (Chief Big Elk), this was a tragedy that should have never occurred. The Omaha Indian Nation in the 1854 Treaty gave up millions of acres in Eastern Ne-

braska so that immigrants could live here in the state of Nebraska and this is how Native Americans are treated today. I do hope that better relations and respect for the Native people can occur here in the city of Omaha," said Commissioner Mitchell

All of the City officials present were committed to ensuring that Omaha is a welcoming city to all Native Americans. Mayor Stothert committed to establishing an advisory board, which would provide advice on Native Americans affairs to the Mayor and her staff. Chief Schmaderer committed to providing his Police Department with training on Native American culture and respect in addition to better training his officers on the use-of-force situations with both ethnic minorities and mentally ill individuals.

## Tribal Council Approves Clothing Allowance

The Winnebago Tribal Council in a unanimous vote just last week approved a \$350 Back To School 'Clothing Allowance.' The allowance is for all minor tribal members enrolled in school and between the ages of 3 to 18. Enrolled members going into preschool, primary, secondary and post-secondary educational institutions shall be eligible for the 2017-2018 school year Clothing

Allowance.

Distribution of the Back To School clothing allowance will take place at the Blackhawk Community Center from 9 am to 4 pm on July 27th, 2017. Out of town tribal members please mail you form to: Clothing Allowance, P.O. Box 687, Winnebago, Nebraska, 68071. The Enrollment Office says, Please DO NOT MAIL your form in if you plan on pick-

ing up your child's clothing allowance.

Tribal officials also remind you that "Verification of school enrollment must be provided to the Enrollment Office for 3-4 years olds, 9th grade and College, and your child must be an enrolled Tribal Member by the distribution date.

It is also noted that your child's clothing allowance must be claimed by October 31, 2017.

## Indianz.com... Ho-Chunk Nation sees more support for off-reservation casino in Wisconsin

Friday, July 21, 2017

The Ho-Chunk Nation enjoys strong support for an off-reservation casino in Wisconsin that's been in the works for years.

Members of Congress, state lawmakers and local officials say the casino in Beloit will boost the economy. But the Bureau of Indian Affairs hasn't done much to advance the environmental impact statement for the project beyond a scoping report released in January 2013.

Then there's Gov. Scott Walker (R), whose approval will be required if the BIA takes action while he's in office. He rejected a similar off-reservation ca-

sino for another tribe and hasn't offered a position on the Ho-Chunk project, The Beloit Daily News reported.

The tribe is pursuing the casino under the two-part determination provisions of the Indian Gaming Regulatory Act. The law requires approval by the state governor in addition to the BIA.

Even if the state and the BIA agree, there's still one more step in the process -- the casino site must be placed in trust. Secretary Ryan Zinke, the leader of the Department of the Interior, has ordered such decisions to be made by political officials in Washington, D.C.

Jim Cason, the Associate Deputy Secretary at the department, has repeatedly told tribes and Congress that

off-reservation acquisitions will be subjected to additional scrutiny. The Trump administration is in fact considering a new rule to erect more hurdles in the process.

The site in Beloit is more than 170 miles from Ho-Chunk headquarters in Black River Falls but the tribe also maintains a governmental office about 49 miles away in Madison. It's located off I-39, a major highway.

## LETTER TO THE SHAREHOLDER & TRIBAL MEMBERS... *By Lance Morgan*

has been going on for 20 years and I am constantly amazed at how large corporations can have such a sinister influence on our state, and in some cases federal government. This business is important, but is constantly at risk of some attempt to hurt it and it is tough to bank our future on it. This is why we have used the profits from this area to expand our government contracting, construction and real estate activities.

We have always done various smaller things that impact our community. We sell used cars, which has helped people fix their credit. We built storage units, which we had to expand because they are always full. We build homes at cost. We rent housing at several hundred dollars below market in the Winnebago area. We have taken a small ownership interest in a local bank, which gives people access to credit. We also own 32 percent of the national Native American Bank, headquartered in Denver.

The investment is doing very well and we consider it a long-term seed that will bear some significant fruit in the future.

We now donate \$150,000 per year to the Ho-Chunk Community

Development Corporation, a non-profit we started 15 years ago to help find supplemental capital to build up our community. We have contributed approximately \$1.8 million to the entity and they in turn have helped raise almost \$50 million for our community. We are very proud of the investment and what it has produced.

2016 was the first full year of the 100-house plan. The Winnebago Tribe was generous and foresighted enough to allow Ho-Chunk, Inc. to retain one-third of its dividend each year with the goal of building 100 housing units and the infrastructure for 100 more homes within 5 years. We will end 2017 with approximately 50 housing units built and have been taking actions to ensure that we will have the infrastructure in place for at least 100 more.

Our local tribal member employment numbers had stalled out over the last few years. At our strategic retreat in 2016, we set a goal of hiring 20 more tribal members in our community. To date, we have hired 17 more and continue to try and find ways to create opportunity for our members to join our company.

Ho-Chunk, Inc. is complicated. We do things other corporations would never consider. We always know who owns us and why we do what we do.

Our goal has always been the same—make our tribe economically self-sufficient and provide job opportunities to our members. Along the way we added a more socially-oriented approach, which resulted in us building the Ho-Chunk Village, our 40 acre mixed use community, which will double in size in the next year.

When you run any company, you have to think big and you have to think very small sometimes, too. We are pretty good at understanding our big issues and implementing large plans targeted at the problems, but we are also getting much better at the details of how to grow our company and our community in a way that balances our version of capitalism with our inherent desire to share our success across a broad spectrum of our membership.

My goal is not to be the best capitalist corporation ever. My goal is to be a world class Tribal Company and successfully manage all of the complications that such a goal includes.

I always end these letters the same way. I love my job and consider it an honor to be able to pursue my dream on behalf of the Winnebago People.

## JESUS OUR SAVIOR LUTHERAN OUTREACH

*Pastor Ricky Jacob*

### "I am Yahweh your God"

There is truly one and only one God who created you and me and all that we see. From time-to-time He has spoken. One such time was on the mountain of God, Mount Horeb meaning 'Mountain of dryness,' located in the arid desert land of present day Saudi Arabia. (It is also referred to as Mount Sinai).

From man's perspective, what Creator God had to say was to set up a list of ten commands that were beyond what any man, woman or child could fulfill. In other words, it was a call to a mission that was impossible to accomplish and would inevitably lead to failure, no matter how hard one tries.

Here is a summary of what Creator God said:

"And God spoke all these words: I am Yahweh your God, who brought you out of ... slavery. You shall have no other gods before me. . . . You shall not misuse the name Yahweh your God. . . . Remember the Sabbath day by keeping it holy. . . . Honor your father and your mother . . . . You shall not murder. You shall not commit adultery. You shall not steal. You shall not give false testimony against your neighbor. You shall not covet . . . ."

These commands had already been written on each and every heart. Now they had been spoken out loud by Creator God. Not only that, they were also chiseled in stone and for a time they were carried around by the tribe of Israel in the Ark of the Covenant. The Ark of the Covenant symbolized the presence of God, who was with His chosen tribal people, as long as they trusted in Him.

No one can claim ignorance of these commands, although some today will go to great lengths to have them removed from public places. No one is able to justify oneself based on them. No one can claim perfection or being sacred on one's own merits.

Some may be led to believe that one can claim an outward appearance of living up to these standards. However, Creator God can see right through an individual and the sins within one's heart. One major command that trips us up is coveting. Coveting is an obsessive desire to want something that one does not have. Such a person is often

called 'greedy.' Instead of praying for one's daily bread, one longs to make it rich or to envy what others have. They reason: 'if only I had . . .'

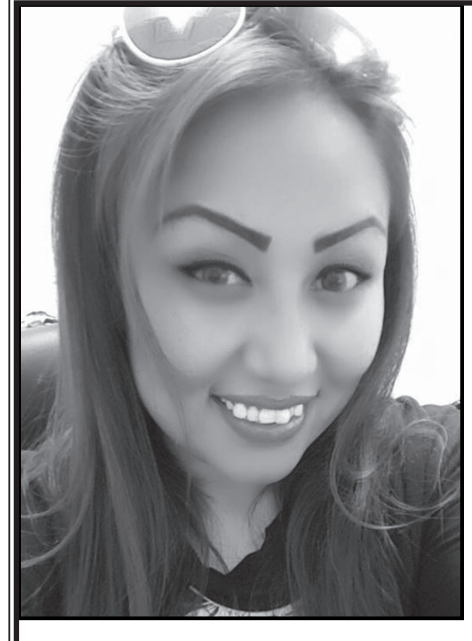

Another obvious pitfall is that of murder. Oh, you might be thinking that I have not murdered anyone. But have you ever 'hated' anyone? Have you ever uttered the words, "I hate you or I hate so and so?" Hear these condemning words from Creator God's Word: "Anyone who hates his brother is a murderer, and you know that no murderer has eternal life in him" [1st John 3:15]. (Unless that murderer confesses his/her sin and seeks Creator God's mercy found in Jesus Christ).

John writes on, "We love because He first loved us. If anyone says, "I love God," yet hates his brother, he is a liar. For anyone who does not love his brother, whom he has seen, cannot love God, whom he has not seen. And he has given us this command: Whoever loves God must also love his brother" [1st John 4:19-21].

You and I have failed miserably to follow these ten commands of Creator God. We have failed to love our neighbor whom we have seen, and we definitely have failed to love Creator God above everything else. We have not been satisfied with the countless blessings the He showers down on us daily, but covet more. Yes, you and I are failures and deserve God's just wrath and punishment.

The Good News comes from what else Creator God has spoken. His words have led to action. As Yahweh delivered the tribe of Israel from slavery, He offers to deliver or rescue you from the slavery of sin and His just judgment. Furthermore, His Word became flesh and dwelt among us. Jesus, Creator God's one and only Son, took sin and its consequences upon himself. He demonstrated His love for us and offers us His mercy and forgiveness. Jesus and he alone was able to fulfill the Ten Commandments and to offer up His life as a payment for the sin of the world. Mission accomplished!

Your Creator God has indeed spoken whether you believe in Him or not. The purpose of His giving of the Ten Commandments was to drive one to his/her knees. The Ten Commandments were certainly not to be used to justify oneself. Rather their real purpose is to move us to seek God's mercy and the grace that He offers through faith in Jesus as LORD and Savior.

My name is Cheri Redhorn. I'm an enrolled member of the Winnebago Tribe. I'm the daughter of Diane "chub" Redhorn, step dad James Frenchman and dad Allan "skip" Horn. I have lived here on the res-

ervation my entire life. I graduated from Winnebago Public School in 2001 and continued my education completing 3 semesters of college and received my C.N.A from Tri State nursing in 2013. Some of my employment history also includes working for the tribe. For 3 years I was a loan specialist in the credit department. I have 4 children, Nevaeh (10) Wakiya (21) Antonio (19) Ivan (15). My three oldest are my niece and nephews who I adopted 6 years ago. I love Pinterest and since I like making things look pretty I keep myself busy at home. I enjoy being outdoors doing almost anything, fishing, reading, or just going for a ride. I believe that spending time with your loved ones is important so I spend a lot of time with family, mostly my mom. Learning new things and meeting new people is always a pleasure so I am looking forward to working with everyone near and far.

## Letter to the Editor...

*Taps with Echo Sound*

To Winnebago Tribe Editor,

I asked B. Luther, band teacher at Winnebago Public School, if there are any who are taking lessons for trumpet. Can any of them play TAPS? He said that he has ten students and two can play TAPS now.

I said, "Could one start playing TAPS and when they get to a certain point, the next one start playing TAPS?" He said they could do it.

I asked one person on the Powwow Committee if they could play TAPS at the Powwow. The answer I got doesn't sound like it will happen. If they do, they could ask for Mr. Luther.

## WINNEBAGO HOUSING AND DEVELOPMENT COMMISSION – Update

Renovation on Sunrise Drive – Fifteen houses on Sunrise are in the early stages of renovation. HCI Construction began “demolition” on June 5. The deteriorated drywall has been removed; old windows and doors have been removed. All plumbing (bathrooms and kitchens) and damaged cabinets have been removed. We have notified neighboring tenants to keep the children out of the construction area for safety reasons and to prevent vandalism. We have attached a few pictures to show “work in progress.”

Homecoming Celebration is next week. Let’s all contribute to making Winnebago look good. Maintenance is renting a street cleaner to go through all the projects; encourage everyone to refrain from throwing candy wrappers and paper cups and bottles on the lawns and in the streets. Thanks. Enjoy the weekend with visiting friends and relatives.

## Winnebago Wrestling Program Gets REACHES Funding

Winnebago Wrestling program has been awarded a \$3000 grant from the R.E.A.C.H.E.S. program. Winnebago Wrestling is located on the Winnebago Indian Reservation in Nebraska is going and into its 3rd year with quite a bit of success. Last season Winnebago had a 40 match winner and two 20 match winners. The spring of 2015 Athletic Director Adam James looked at the student body walking the hallways and realized he needed to do something for the students that were not playing basketball and something to help spark the football program. Mr. James talked to the administration and it was decided wrestling would make its way into the Winnebago Public School system. Mr. James hired Adam Tranmer as the guy to start this program from the ground up. Adam Tranmer had coached wrestling for the past 10 years (8 as an assistant coach) and 2 years as a Head Coach. Coach Tranmer has worked hard to help the student-athletes of Winnebago understand the sport of wrestling and how wrestling helps build character, integrity, discipline and responsibility. "To have the kids understand how wrestling can help change lives and create a great work ethic in the great young men and women I coach is my biggest goal here at Winnebago." Coach Tranmer stated. The Winnebago Wrestling program would personally like to thank the R.E.A.C.H.E.S. Board of Directors and Walt Fisk for allocating the funds to the Winnebago Wrestling program. We would also like to thank you for all that you have done for all sports especially the sport of wrestling across the United States.

The R.E.A.C.H.E.S. funding will help provide shoes, singlets, headgear, hair covers, and kneepads for the athletes. The grant money is greatly appreciated and will help provide proper equipment this year and for the years to come to the student-athletes that can not afford it. As a team the boys and girls of the program have worked hard to make Winnebago Wrestling known throughout the state of Nebraska as one of the most respectful, disciplined programs.

About R.E.A.C.H.E.S. (Rewarding Educational Athletic Choices Helping Each Sport) is a nonprofit 501(c)(3) organization founded in 2007 in an effort to promote, protect and preserve the integrity of amateur athletics by providing athletic and educational opportunities to all athletes of all ages and abilities. This unique experience will provide educational, technical, and lifelong lessons for athletes, coaches, parents and fans that seek to capture meaningful, compassionate, harmonious, interesting and active lives. All profits from R.E.A.C.H.E.S. will be used to support specific needs in each sport to ensure future generations of athletes, fans, parents and coaches will continue to learn from valuable lifelong athletic lessons.

The Little Priest Tribal College (LPTC) is a local public community college operating in the states of Nebraska and Iowa. LPTC serves all students from all nations and communities.

The college is named after Chief Little Priest, the last true war chief of the Winnebago Tribe of Nebraska. It was his final words that now encapsulate our mission: "Be Strong and Educate My Children."

In the Winnebago heritage of respect, integrity, and self-reliance, LPTC was chartered in 1996 by the Winnebago Tribe of Nebraska, a sovereign nation, to provide higher education opportunities. LPTC is a land grant institution and is part of the Nebraska Transfer Initiative program.

Our focus is to prepare students to transfer and successfully complete a major at a four-year institution. As well as provide training opportunities for students to upgrade job skills and improve employability. Further, to provide language and culture classes that celebrate and preserve our cultural heritage.

Accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools, LPTC offers Associates of Arts and Associates of Science degrees in the following areas:

### Student Testimonials

*J'ona Graham, Student Athlete Montgomery, Alabama*

Coming to Little Priest, they brought me in and made me feel as if I was at home. Professors here give you one-on-one help and care personally about your success.

*Tyren King, Student Athlete & Student of the Year Navajo Nation Farmington, New Mexico*

Little Priest Tribal College is a school experience that is a student-friendly system and I realized how beneficial it is for the students to get an education here. I began to see how welcoming the community is around the school. You can start to feel and understand the Native American culture.

*Alexandra Cleveland, Former Student Senate President & Student of the Year Winnebago Tribe of Nebraska Winnebago, Nebraska*

My experience at Little Priest has been significant because of the opportunities that have been presented to me. The one-on-one time with the instructors has been helpful to me and I realize that I could not get that kind of interaction at a bigger school. The affordability of tuition and other fees is also what helped me decide to attend. Overall, I believe that LPTC has been a great fit for me.

## LPTC Students Compete at AIHEC

Little Priest Tribal College students participated in the American Higher Indian Education Consortium (AIHEC) Student Conference in Rapid City, South Dakota in late March. The AIHEC Student Conference is where all tribal colleges and universities compete against each other in academic, traditional and recreational categories. LPTC students participated in various competitions at AIHEC. The LPTC Hand Game team went undefeated and brought home the championship trophy! Another hand game coach commented on their win saying LPTC students played with respect and integrity. They said it was the students' high energy and good spirits that won the game for them. Our students played through adversity and despite their home court advantage took down Oglala Lakota College in the semi-finals and again in the championship round. Winnebago's own Jessica LaTray also won the "best guesser" award.

LPTC Business Bowl Team did amazing and made it to the 3rd round, losing

by 1 point to Haskell Indian Nations University. It is important to note that our students competed against universities whose students have completed higher level business courses than LPTC offers. LPTC Business Bowl Team rose to the occasion and made us proud!

Our volleyball team also did extremely well. They lost their first game to Navajo Tech, who ended up winning the entire competition. Our students exhibited amazing sportsmanship and team spirit, even when 3 of students had to leave mid game to attend another competition. They were making their way out of the loser's bracket until their loss early Tuesday morning to Nueta Hidatsa Sahnish College.

Little Priest Tribal College students have left their mark amongst the tribal colleges and universities. If you are interested in attending the AIHEC Student Conference next year, I encourage you to sign up for courses at LPTC to gain the full experience.

"THERE IS STRENGTH IN YOU"

## Message from the President's Office at Little Priest Tribal College

Great news!

If you are one of the approximately 232 enrolled Winnebago Tribal Members that have an outstanding balance and owe Little Priest Tribal College, then you are eligible to participate in a special program that can help you pay off your bill and get you back into college.

Recently, the Winnebago Tribal Council successfully renegotiated an easement with the Northern Natural Gas Company. Part of that negotiation has helped to fund a Winnebago Tribal Member education initiative, which includes Little Priest Tribal College.

Winnebago Tribal Members have two options to pay off or significantly pay down your bill. You can use one or both of the following options:

Option 1: The Little Priest Tribal College President Scholarship will be used to match any payment made toward your outstanding balance. The program is a dollar-for-dollar match.

Option 2: Little Priest is establishing a work repayment program for Winnebago Tribal Members to help pay down or pay off their debt to the college. The college will assign a work assignment to the eligible participant. A standard rate of \$10 per hour will

be used to calculate the value of the work assignment of which will go toward paying the participants' outstanding bill.

Both Program Options are on a first-come and first-serve basis. These funds are limited and once they are exhausted then the program will end. Little Priest accepts major credit cards as one form of payment. To participate in the program, the eligible participant must sign and agree to a Payment Plan with the college Business Office.

I encourage you to take advantage of this great opportunity because the next step for the college is to file a small claim in Winnebago Tribal Court. Please be advised once the claim is approved, the college will move to garnish future tribal stimulus payments or garnish your wages.

The program is critical to the survival of the college as Winnebago Tribal Members owe the college just under \$400,000.00, respectively.

Please call 402.878.2380 or come in to learn more about paying down or paying off your bill. In so doing, honoring our sacred relative Chief Little Priest.

Sincerely,  
Maunka Morgan

## ATTENTION RURAL WINNEBAGO RESIDENTS!

Ho-Chunk's interns will be conducting a survey this year during Pow Wow to rural residents of Winnebago. Stop by the Ho-Chunk, Inc. booth Thursday, July 26th through Sunday, July 30th .

The survey will only take 5-10 minutes but your feedback is very important to us.

As a thank you, we will be providing a 2017 commemorative t-shirt to each adult who completes the survey.

The interns will be asking the survey questions so you don't need to fill anything out. All answers are confidential and will only be used to provide a total response.

We look forward to your participation. Results will be published in the Winnebago Indian News in August. Thanks for your help.
