Bago Bits...

On 5/29, Steve & Sandra Epp shared their story and ministry with the community, as Steve continued carrying a cross through their 25th state: Nebraska. Updates about their journey are shared on the Facebook page, The Well Tulsa, where you can find a thank you message with photos from their visit to Winnebago!

A hot summer day was not going to slow down these two workers, as they continued to work hard through the heat. Read more construction updates in this issue!

Thank you to ATLAS of Winnebago Inc for all your hard work in organizing, preparing, and distributing 100 food boxes for the elders and members of the community! Thank you to everyone that helped with the June 4th deliveries.

Kidz Café has returned with drive-thru service, Monday to Friday, located behind the Whirling Thunder Wellness Center from 12:00-1:30 PM. Meals are placed in the backseat or trunk area of the vehicle, and the only requirement is to let staff know how many meals are needed.

Ho-Chunk Community Development Corporation gave out 215 boxes of fresh fruits and vegetables on Friday, June 5th. No eligibility requirements but quantity is limited to one box per household, per week on a first come, first served basis. See more photos on the HCCDC Facebook page!

On behalf of the Winnebago Tribe of Nebraska, we would like to send a very special thank you to our Chief Dental Officer, Dr. Rex Monif. All your hard work and dedication to not only our community but our country as well is greatly appreciated!

WinnaVegas Casino Resort to Reopen June 12 with Safety Protocols

Sloan, Iowa – WinnaVegas Casino Resort announced today that they will reopen and resume casino operations at 50% capacity on Friday, June 12 at 10am. The reopening process will be conducted in phases with select gaming machines and other amenities remaining closed in the initial phase. Time between phases will be based upon how safe guests are adhering to safety guidelines and protocols set forth by casino management.

"This is an exciting time for all of us at WinnaVegas," said WinnaVegas General Manager Mayan Beltran, "Reopening the property signifies the first step back to that feeling of normalcy we've all been looking for...I'm excited for all our team members to get back to doing what they do best; providing the best gaming and entertainment experience possible for our guests."

During phase one, food and beverage venues will have limited hours of operation with Kasu Café and Bingo Concessions open. The Flower Island Buffet will be converted to a restaurant style with table side service and a limited menu. The 360 Lounge and the Casino Bar will not permit standing or sitting. Food service will be available for to-go orders and sit-down dining service will be limited to allow for physical distancing between guests. Bingo sessions will adhere to social distancing and the total amount of guests allowed

to play bingo will be limited to that capacity. Table Games including poker will remain closed in the initial phase and will reopen on a later date.

Also during phase one, the entire casino property will be non-smoking and will temporarily restrict anyone under 18 years old from entering the Resort. The hotel will be open from Thursday through Sunday and will be closed Sunday through Wednesday nights. Guest amenities will be limited with valet, golf simulators, video gaming room, fitness room and hotel pool remaining closed in the initial phase. High-contact areas including elevators, escalators, door handles and lobby areas will be cleaned and maintained often. WinnaVegas management plans to re-evaluate and make adjustments in the coming weeks and months to slowly open the remaining venues and amenities when it is safe to do so.

New property cleaning guidelines are being implemented to include several new initiatives such as the use of a self-cleaning antimicrobial coating throughout the property, physical distancing practices including floor decals, additional cleaning protocols, plexiglass shields, personal protective equipment (PPE), comprehensive team member training, safety and hygiene signage and several other procedures throughout the property to ensure a safe environment for all guests and team members.

Additionally, masks will be mandatory for all guests and team members while on the property. Entrance into the casino will include WinnaVegas team members greeting each guest to the resort and will be screened (external temperature check), asked to use hand sanitizer and must wear a mask or proper face covering both the nose and mouth. Appropriate signage will also be prominently displayed outlining proper mask usage and current physical distancing practices in use throughout the resort.

"We have incorporated the strictest guidelines, cleaning practices and protocols that ensure the safety of our team members and our guests who choose to come to WinnaVegas to be entertained," continued Beltran, "Our #1 priority is the safety and well-being for anyone who visits WinnaVegas and we feel we have exceeded the guidelines for our industry."

New casino hours of business operation will be 10am to Midnight, 7 days a week. Expanded hours of operation will be determined on a later date. Casino management will continue to utilize social media and their website (www.winnavegas.com) to communicate and inform the public on any new developments regarding the different phases of reopening the Casino Resort.

Up to \$500 in Housing and Utility Assistance for Winnebago Tribal Members who are Head of Households

WINNEBAGO TRIBE GRANTS UP TO \$500 TO EACH TRIBAL MEMBER WHO IS THE HEAD OF HOUSEHOLD IN HOUSING AND UTILITY ASSISTANCE (HUA)

CARES Act
Coronavirus Aid, Relief, and Economic Security Act

PLEASE READ THE STATEMENT BY WINNEBAGO TRIBAL CHAIRMAN, COLY BROWN

Dear Tribal Members,
With the help of the Winnebago Tribal Treasurer, Roland Warner, The Winnebago CEO, Esther Mercer, The Winnebago CFO, Alan Post and The Winnebago Tribal Council, we decided to create and make available the CARES ACT Housing and Utility Assistance (HUA) program for Winnebago tribal members who are head of households. This amount is up to \$500 for all (both on and off reservation) Winnebago Tribal Members. This program will provide much needed relief for Winnebago tribal family homes during this pandemic.

The Winnebago HUA program is now available.

We have asked the Winnebago Human Services Department and Winnebago Finance Department to assist with getting the HUA program implemented. We thank them in advance for their help and we ask that you bear with us

during the next few days as an influx of applications come in. We are urging all Winnebago Tribal Members who are head of households to apply.

- You can apply 1 of 3 ways:
- 1) Download the form and fill it out at: www.winnebagotribe.com Email the completed form to wtnhumanservices@winnebagotribe.com. This form is a fillable PDF.
 - 2) An over the phone application by calling toll free: (833) 568-7882 during WTN Human Services Business Hours.
 - 3) Walk in - Apply at the Human Service Building (New Neola Walker Building). They are open from 12:00 pm to 2:00 pm Monday through Friday.

Each application must have:

- Proof of Winnebago Tribe enrollment for applicant & must provide a copy of a bill, lease, mortgage, etc.

Guidelines:

- Head of Household Must Apply.
- No Income Guidelines.
- Services can only be utilized for Mortgage, Rent, Deposit, Electric, Gas, and Water. Payments will be made directly to the housing or utilities providers.

Funding will be available until funds are depleted.

We are trying to make this process simple and quick to get this assistance to our Winnebago family homes. Many of you have expressed the need for assistance during this uncertain time and as a council we felt it was an absolute necessity to provide this Housing and Utility Assistance. We are trying our best during this dark time period of our history but together we will get through it. As a council, we are all praying & we are all working hard to overcome this deadly virus.

On behalf of the Winnebago Tribe of Nebraska, please stay safe and please keep using those precautions.

Sincerely,
Winnebago Tribal Chairman,
Coly Brown

TRIBAL COUNCIL MINUTES

**WINNEBAGO TRIBE OF NEBRASKA

JESUS OUR SAVIOR LUTHERAN OUTREACH

Pastor Ricky Jacob

"Bullying doesn't normally end well"

Yes, it doesn't normally end well for bullies. "He who digs a pit will fall into it" (Ecclesiastes 10:8a).

Let me tell you a true story about a bully and his fate. This man was the number two man in his country. He demanded respect. He literally demanded that those beneath his authority would bow down to him, to take a knee or pay homage. One God fearing man would not bow to such a bully or pay homage. This infuriated the bully. This bully sought to destroy not only this man but every one his tribe.

It did not end well for the bully. One day the powerful leader's wife, along with his friends, urged him to hang the man on a 75' gallows. The bully had the gallows made. It did not end well for the bully the next day he would hang from this very 75' gallows. [see the book of Esther for the full story].

There are other times when bullying seems to force people into submission. It can happen to anyone. It could happen even to the Son of God. In fact, it did. A crowd of bullies, led by spiritual leaders no-less, demanded that Jesus be crucified - hung on a cross until he could no longer breathe. These bullies got their way. They got their way on that day but it probably didn't end well for them.

How is one to respond to bullies? How is one to respond to injustice? How did Jesus respond to the spitting in his face, the insults, the mocking, the lies, the beating, the whipping, and being hung on a tree?

Jesus responded with these words, "Father, forgive them for they know not what they do." Really? Who would respond in such a loving and merciful way? And really these bullies did not know what they were doing? Sure they knew and someday they would pay, or not.

You see, each and every man, woman or child, has spit in God's face so-to-

speak when we disrespected someone whom God placed in authority. Who hasn't talked back to his or her parent, teacher or God Himself attempting to bully them to get their way?

Now you might be thinking that well Jesus is God and God is love. Therefore Jesus loves everyone and forgives everyone - eventually. Yes, Jesus is God and Jesus is love! Right now he offers each and every bully forgiveness. He does not offer forgiveness to bullies so that they could continue to bully others - whether through domestic violence, child abuse, or even demanding that others of a particular color of their skin take a knee or bow down. Jesus offers forgiveness so that one could humble himself/herself and repent. To repent means to turn one's life around with the Spirit of God's help and leave the life of sin.

Right now Jesus offers forgiveness, but don't forget He will return. Jesus returns to judge those who are still alive as well as all those who have died. If the bullies of this world have seemed to have gotten away with murder think again. It will not end well for them as there will be equal justice under the law of God!

Still you might be thinking that Jesus is able to forgive even bullies but there is no way for me to be so caring. Let me finish with another true story. There was a follower of Jesus by the name of Stephen who told things the way they were. He told bullies that they had betrayed and murdered the Righteous One. Their response was to cast this truth teller out of the city and began to stone him.

It would probably not end well for them - don't you think? Well there was a man name Saul that had joined the bullies, it would turn well for him by the grace of God. As the bullies were stoning Stephen he called out, "Lord Jesus, receive my spirit." And falling to his knees he cried out with a loud voice, "Lord, do not hold this sin against them" (see Acts 7:59-60).

Michelle Lee Thomas

January 06, 1979 - June 01, 2020

Michelle Thomas, Ruuc Ska Skai Winga meaning White Dove, age 41 of Baraboo, Wisconsin walked on Monday, June 1, 2020.

Funeral services will be held Thursday, June 4, 2020 at 1:00 p.m. at the Conway-Picha Funeral Home in Lyndon Station, Wisconsin with Darwin DeCamp officiating. Burial will be at Spring Grove Cemetery in Wisconsin Dells. Due to the ongoing public health restrictions, visitation prior to and at the funeral service itself are limited to immediate family. When the service concludes, other people are able to enter and walk past the casket to pay final respects. When this concludes the proces-

sion will travel to the cemetery.

Michelle was born January 6, 1979 in Sioux City, Iowa the daughter of Anthony and Vera (Ricehill) Thomas.

Michelle is survived by her children, Julius Green, Waylen Green, Jr., Anthony Gauthier, Amos Gauthier and Tempest Beighley; brothers, Eric Logan and Evan Logan; sisters, Christee Thomas and Leeja Thomas and numerous grandchildren. She was preceded in death by her parents; and sisters, Nicole Leonard and Arnalda Cloud.

Letter to the Editor...

The Winnebago Tribal Garden & Cemetery Project

By Eugene Gilpin

WINNEBAGO--With support from the Tribal Council, The Winnebago Tribal Garden & Cemetery Program was created in May of 2019. Former Tribal Chairman, Frank White and Vice Chairman, Curtis St.Cyr were very instrumental in getting this program up and running. Councilmen, Roland Warner and Jim Snow had great insight. The entire council were in favor of this project and what it could do to help our community.

I remember Tribal Councilmen, Warner and St.Cyr saying that in the very near future this job would be crucial to feeding our people. Who would have guessed it would be of great concern a year later. Last year the garden flourished and produced amazingly. This year it is expected to do way better. Because of the COVID-19 virus, it is extremely important that the garden does. We have tripled its overall size, added flower beds, and other perennials such as Elderberry and Rhubarb. We planted new fruit

trees as well as a Pawpaw tree, also adding a compost site. Trey Blackhawk has been a tremendous asset to the program.

Thanks to the COVID-19 relief funds, we will be adding a large Greenhouse to ensure better food production next year and for years to come. It is really exciting to watch the program growing and flourishing like the garden itself. With the COVID-19 funding we are also able to hire help for planting and harvesting the large garden.

In the ground now we have Potatoes, Onion, peppers, squash, watermelon, cucumber, tomatoes, beans along with other produce. Ho-Chunk Farms' Jason Hulit Jr came by with their big planter and planted our Indian corn and our Sweet corn.

In addition to the garden, myself and Trey are also the Cemetery Caretakers of the Winnebago Cemetery, Armell Cemetery, Rave Cemetery and the Brown Cemetery. That creates a lot of work. We also helped the community by tilling some gardens as well.

The Winnebago Ranch, as former Chairman White called it is about 5 miles west of Winnebago. Take a drive out into the country and have a look.

TEST NEBRASKA

Emilee Longuski

WINNEBAGO, NE--On Tuesday, June 9th, a COVID-19 testing event was held in Winnebago in an effort to make testing widely available to Winnebago Community Members and those who work on the Winnebago Reservation. Test Nebraska, which is a state initiative aimed to bring COVID-19 testing to Nebraska residents, teamed up with the Winnebago Health Department and the Winnebago Tribe to test any Winnebago resident who wanted to be tested. The goal is to dramatically increase the rate of COVID-19 testing on the Winnebago Reservation to help reduce the spread of COVID-19.

The testing event, which was held at the Winnebago Public School Bus Barn, lasted for four hours. A total of 228 individuals were able to

tested, regardless if they had any symptoms. Testing will only inform individuals if they currently have Coronavirus, not if they have previously had it or carry the antibodies for it. Individuals are expected to receive their results in 2-3 days. Testing is crucial to combat COVID-19 because it helps identify cases and provides necessary public health data that helps track and mitigate the spread of the virus.

In the 6/10/20 CEO Report, the council made the decision to make a modification to the Covid-19 curfew. **The curfew is now in effect from 10 pm to 5 am daily. This curfew will begin on Wednesday, June 10th.**

The Winnebago Health Department is still urging social distancing and the face cover resolution is still in effect. Please keep washing your hands, social distance and wear a face cover.

Construction Updates

5/26 to 5/29

Removals of the north bound lanes from north of Mathewson to Sta. 715+00. Milling followed by concrete removal. Storm sewer work will begin at Mathewson. IES onsite to remove pedestrian blinking lights. All drives that exit to only the highway will be gapped during construction with a combination of existing pavement remaining and temporary surfacing. The asphalt millings will be used as temporary surfacing in these locations. There will be disruption in the drive access as we lay pipe through the drives. We will knock on the door to make contact with the effected property owner prior to closing the drive. Temporary asphalt millings will be used to create a temporary sidewalk on the west side of 77 from Wilson Avenue to just north of Osborn Avenue (school area), pedestrians will then cross the highway and into one of the driveway gap areas, and then back onto the permanent trail! Water samples passed and we will complete the 8" tie to put the new main in service. Residents can expect a water shutdown Friday 5/29 am. More planning will happen on that once we get DHHS permission back.

6/1 to 6/5

Storm sewer from Mathewson to Sta. 715+00 continues. Horizontal Boring will be back to complete the 16" casing bore past the NPPD pole at Mission Road. Completion of the casing & sanitary sewer to follow. Horizontal will then move down to Wilson Avenue to complete a bore under the street. This will likely result in a closure of Wilson by the School. We will coordinate with the construction onsite. After completion of Wilson bore Horizontal will move down to Beck Avenue. This will result in a closure on that intersection when this happens. We will dive into the box culvert

construction as soon as we get storm sewer complete and Steve Harris started paving.

6/8 to 6/12

Completing sanitary sewer relocation for box culvert. Installing storm sewer from Mathewson going north, should be through the Wilson intersection by Friday. Completing water main bores at Wilson & Beck Street.

Beginning today 6/9 Beck Street East will close access from Highway 77. We will only occupy the area from Highway 77 to the existing patch Nelson Construction has for the sewer project. Access will be allowed to the people that park on Beck Street east of Nelson's sewer patch. Thursday we will close the south 1/2 of Beck Westbound to complete the sewer bore. Access will continue to get to the Senior Center. We anticipate Beck west in front of the Senior Center to be full open Friday afternoon. Beck east should be complete with our work by 6/19.

6/15 to 6/19

Storm sewer installation will continue from Waddell to Osborne Streets. Should be nearly complete by 6/19. Rough grading will start 6/15 at Mathewson and with some good weather subgrade preparation will begin 6/17ish. Water main will be installed at Wilson Street.

We will be digging and grading through many of the temporary drives during this week. Please be on the lookout if your drive is missing!! We will contact the homeowner prior to removal, but with many people at work, coming & going during the day, please double check. Everyone will have access at the end of the day, but some parking on side streets during the day may be required. Thank you in advance for everyone's cooperation in this matter.

BAGO NEWS

Tekamah resident Dr. Rex Monif, Chief Dental Officer for the Winnebago Tribe of Nebraska, is returning from his Army mobilization on June 22nd

With less than 48 hours notice, our Dr. Rex Monif (aka LTC Monif) mobilized August 4th for the Department of Defense response to the Covid-19 pandemic. LTC Monif, an Army Reservist in the 965th DC, had deployed previously to Iraq, Afghanistan, and Central America but this was a different battlefield for him. Attached to the Urban Augmentation Medical Task Force (UAMTF) 452-2 out of Milwaukee WI with the final destination being New York City. At the beginning, there was so much unknown. The UAMTF consisted of 85 Soldiers from many medical disciplines that were sent to an overwhelmed New York Healthcare system. "We didn't know if we were staying in tents or what was going to be asked of us so we packed as if going to a warzone." I had two duffle bags, a ruck sack, two boxes of MREs, and everything from my sleeping bags, ACH (Army Combat Helmet), and even my gas mask. We were honored and proud to support the American heroes on the home front and ready to help out wherever needed" said Dr. Monif.

Dr. Monif continued, "Arriving in New York was a surreal experience. With the city shut down due to the Stay at home orders in place, the streets were deserted except for the many homeless who resided in the downtown. The unit was attached to a hospital in the Bronx that had been hard hit by the virus. We had a great team of Medical Doctors, Nurses, and Respiratory Therapist who soon took over their own ICU ward to help the hospital staff who had been overwhelmed with patients. Our medics would help in the ICU and also form proning teams. We were finding out the patients on the respirators were not surviving most of the time. By proning, an older technique where we essentially flip the patient on their front side, would help with breathing and greatly increase our chances of recovery. The rest of us looked for where we could be of assistance. The Hospital staff had been overextended due to the demand and some of themselves got sick or has to quarantine.

No job was unimportant for us and we were enthusiastic to help in any way we could. As a Dentist there was little to be done in my lane. Dentistry had pretty much been shut down due to the virus. Where they need help desperately was the Morgue. I was part of the Mortuary response in assisting the hospital.

We felt it to be our mission to show the utmost respect and dignity to the ones who passed away. In the wars of Iraq and Afghanistan, we would have an American Flag where the bodies would pass under in the

morgue of the field hospitals. The caskets would have an American Flag draped over when we would move them for the flights back home. We wanted these bodies to have the same respect even though we did not have flags to drape or fly over them. By the beginning of May thankfully we had turned a corner and were seeing dramatically less numbers.

One of the most rewarding experiences I got was when I was able to help the Social Workers sit with the CO-VID patients. I really had never considered how important Social Workers were till this mobilization. They really have a huge impact in the patients' lives and outcomes. With family not being allowed to visit our CO-VID patients, we would sometime gown up and sit with them to let them know they are not alone in this fight. A particular patient was an inspiration to our unit. His life was literally saved by one of our social workers CPT Dungan who ordered him to live. The patient was George Crouch, a 96-year-old WWII and Korean War veteran. He and his wife had come down with the virus and were placed in the same room. His wife passed away in front of him. George lost the will to live and refused to eat, drink, or any care. CPT Dungan was his social worker and found that George would respond to him, due to the military connection, and not others. Many Soldiers, including myself would sit with George so he would not be alone. George responded to the Military and recovered. His story and the efforts of CPT Dungan made the New York Times and National News. It is a good story to google. Also rewarding was when I could help families see and talk to their loved ones on an I-PAD. Even when it was just to look at their loved one more time to say good-bye.

The take away from this mobilization is the profound pride I saw in the people of New York and the teamwork of the UAMTF 452-2. This Pandemic is not supposed to happen and people are not supposed to die this way. The heroes are everywhere from the Front line to the Home where people are responsibly wearing masks and keeping others safe. It also exposed those that are not heroes and selfishly choose not to follow CO-VID precautions. I am exceptionally grateful to the Winnebago Tribe of Nebraska for their support of the military and my family in Tekamah. I want friends, and patient to know that out of 85 Soldiers in the thick of Covid-19, that none of us tested positive by following proper mask and hygiene. I get off my 14-day mandatory quarantine on June 16 and look forward to coming home to see family, dogs, and cats."

One New Positive Case of COVID-19 Confirmed in Winnebago

Totals	Tested	Positive	Negative	Pending	Deaths	Recovered
Winnebago	153	40	103	10	1	8

WINNEBAGO, NE - The Winnebago Comprehensive Healthcare System, which is comprised of the Winnebago Public Health Department (WPHD) and Twelve Clans Unity Hospital (TCUH), have confirmed one new case of COVID-19 in Winnebago. The Winnebago Reservation now has had a total of forty positive cases of COVID-19. Of those forty, eight individuals have recovered.

The patient that tested positive was symptomatic, but reported in good condition. That individual is currently recovering at home and in isolation. The WPHD continues to monitor and notify any potential contacts of all positive cases. To protect the privacy of the patient, no other details will be released at this time.

COVID-19 is a respiratory illness with no known cure or vaccine. Winnebago community members experiencing shortness of breath, sore throat, runny nose, and cough are urged to call the COVID-19 Hotline at (402) 922-1508. Per Center for Disease Control and Prevention (CDC) guidelines, it is recommended that individuals stay home except to get necessary medical care. Individuals with underlying conditions, such as diabetes or those with compromised immune systems are the most high-risk for contracting the virus.

Prevention measures include washing your hands often with soap and water for at least twenty seconds each time and routinely cleaning frequently touched surfaces. Other recommendations include social distancing, wearing a mask in public, and remaining at least 6 feet away from each other with groups of no more than 10 people.

Winnebago Comprehensive Healthcare System has been taking many important steps to further protect the health and safety of the community. These steps, among others, have included implementing a no visitor policy within the hospital, increasing the frequency of cleaning facilities, making certain services available remotely, implementing a drive-thru pharmacy, and placing staff on telework status when possible.

Winnebago Comprehensive Healthcare System is operated by the Winnebago Tribe of Nebraska and consists of two divisions. Twelve Clans Unity Hospital is a 13-bed state-of-the-art healthcare facility that serves an estimated 10,000 Native Americans who live on the Winnebago Reservation and in the surrounding region. Health care services provided by the hospital include an ambulatory care clinic, inpatient care, express care clinic, pharmacy, radiology, emergency care, medical laboratory, physical therapy, social services, and more. The Winnebago Public Health Department strives to create and maintain a healthy community by providing a wide range of total health and wellness programs. These programs include physical, mental, safety, and social services that benefit the Winnebago community.

Farmers Market Update

Our Winnebago Farmers Market is named "Nisoc Wahagi Hoci" which means Hochunk Harvest House. We will be opening for our 2nd year and are searching for vendors to sell their fruits and vegetables and other merchandise. You don't have to be an expert business person to become a vendor. This is a good learning experience and can be relaxing and fun. This year we must take precautions due to the Covid-19 virus and we have initiated Covid-19 Protocols to follow to deter spread of the virus. Our hearts and prayers are with the families affected by this disease. Our Covid-19 Protocols require the use of face masks for all customers and Vendors plus vendors must use gloves at all times and safe distancing will be enforced. We want everyone to be safe and feel comfortable at our Farmers Market. The Farmers Market will open on Wednesday, June 17, 2020 from 1pm to 6pm, every Wednesday through Oct. 14. If anyone is interested in becoming a vendor, please contact Vince Bass, Farmers Market Coordinator via email at: vbass@hccdc.org. I will email you our vendor application, rules and regulations, Covid-19 Proto-

cols, Food Handling Guidelines and any related information. All cooked foods, including soups, burgers, hot dogs, baked goods, canned goods, salsas, etc. are subject to our Tribal Food Code and the Office of Environmental Health Food Handling guidelines. Monica Cleveland is the director and any cooked food related questions can be answered by her. You can contact Monica via email at: monica.cleveland@ihs.gov. Please help us to make our Farmers Market a success by becoming a vendor or a customer. Our community is stepping up by growing their own food and exercising safety precautions during this stressful time. Please continue to practice social distancing, wearing masks and gloves and other precautions because this pandemic is NOT done yet. It is up to us to ensure the safety of our families so continue to do the right thing. We look forward to a good year and encourage our entire community to join us at our Farmers Market Days to purchase all natural produce and other products. Thank you and May Mauna continue to be with us all!

Vince Bass/Farmers Market Coordinator

The Winnebago Tribal Council is 100% AGAINST Meth. Not only is Meth harmful to the individual, it destroys families and our community. Meth use is not the HoChunk/Winnebago way of life. On 12-30-19, during the Winnebago Mid-monthly Tribal Council meeting, a motion was passed to publish all meth related offenses occurring on the Winnebago reservation, in the Winnebago Indian News.

The following individual(s) has been arrested for a meth offense...

As of 6-10-20, no recent meth arrests have been reported.
